are all priced accordingly and don't come standard upon purchase.

Upgrades People: same thing, new add-ons

by Ray Barrientes Jr.

Figures, who needs figures? We make it, *you* want it. Now come buy it!

In *our* 47 years of making [*OUR*] Tuff Trucks, we have kept *you* in mind. Making each model bigger, better, and stronger. All so *you* can carry more, pull more, and do just about anything.

The **NEW** XXXL Super Duty 4x4 Turbo Off-Road Max-Bed Hemi 8.5L v12

engine will get *you* to the top of any mountain and the bottom of any valley. With great horsepower comes greater RPMs. Let's let the neighbors know *you're* headed off to work each morning.

Any outdoor activity is made easy with an all-new built-in generator that has six power outlets, 3 USBs, 3 USB-Cs, and a water storage tank. The added 6-inch body lift with our 33-inch off-road tires and 17-inch wheels will make getting over any terrain as easy as stepping on the pedal. The all-new rugged suspension will flex with every bump and divot. *You* will think *you're* driving on a bed of clouds.

So impress *your* friends with the house *you're* towing behind *you* as *you* gaze at the 17-inch rearview center screen displaying everything behind *you*. Take comfort in knowing that *you* don't even need to look at what's in front of *you*. All of *our* award-winning sensors help to notify *you* of every twist and turn of the road.

Was that a deer? Looks like that's dinner tonight. Heck, *you* don't even have to have your hands on the wheel just say, "Truck DeathRace 2000" and your truck will become a rolling tank to make sure *you* get to *your* destination safe and sound.
